REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Carver-Lyon Elementary is a Title I school serving approximately 358 students in pre-child development through fifth grade. Centrally located in the city of Columbia, strong support from surrounding businesses, faith-based organizations and secondary schools is a vital asset in the educational and social development of our students. Thus, the central focus of our mission is geared toward making a positive and meaningful difference in the lives of our students by providing lifelong learning experiences that foster positive relationships and productive citizenship.

Operating as a Title I elementary school requires the development of a comprehensive school-wide action plan for increased student achievement. Funding allows decreased class sizes, continuous professional development for teachers, varied resources and equipment to support classroom instruction, focused academic and social interventions, and a structured parent involvement policy. The school works in a collaborative manner with the Title I department to provide the most meaningful services and resources to support our students. Carver-Lyon has two computer labs, state-of-the-art technology equipment including Smartboards in every classroom, iPads and a Title I home laptop program. Teachers also connect with others around the globe for digital learning through video conferencing.

It is our goal to identify individual student needs and provide opportunities for them to display their unique talents in school activities through social and academic avenues. The morning news show, academic bowls, fitness club, Gentle Lion’s Club and National Jr. Beta Club are some outlets provided for students. Frequent analysis of assessments, focused intervention and strategic assignment of mentors help us work diligently toward meeting the goal of addressing students’ academic strengths and weaknesses. A structured curriculum provides opportunities for teacher collaboration through participation in faculty book studies, grade level and vertical planning, and on-going professional development in Common Core State Standards and general instructional practice.

Our challenges include raising our standard of excellence to enhance the opportunity for all of our students to meet or exceed competency levels in core subject areas. We strive to increase the percentage of students meeting and/or exceeding mastery of standards and levels on formal assessments.

Celebrations for the 2013-14 school year include recognition for obtaining Palmetto Gold Award for Performance, Palmetto Silver Award for Closing the Achievement Gap and Safe Routes to School Bronze Level Award. Individual staff recognitions include: Midlands School Counselor of the Year, 2 Science PLUS Institute Fellows, and three National Board Certified Teachers on staff. Several students have been honored in the Richland One Visual Literacy Festival and District and Regional Science Fairs this year. Additionally, Carver-Lyon received the U.S.D.A. Fresh Fruits and Vegetables Grant which promotes a healthy and nutritious learning environment that allows students to gain an awareness of the importance of making healthy food choices. Community donations also allow us to offer a Power Pack program that provides healthy weekend snacks to students in need. Our school fosters a continuous effort to inspire students to gain academic excellence in all areas by addressing their immediate needs.
